

**Stormwater Committee
Committee Meeting Agenda
February 7, 2018
5:30 PM
PW Administrative Conference Room**

I. Call Meeting to Order

II. Roll Call

III. Approval of Agenda

IV. Approval of Minutes

1. Approval of December 13, 2017 Stormwater Committee Meeting Minutes

V. Public Comments

VI. New Business

A. Rainscaping Presentation

The Deer Creek Watershed Alliance has offered to make a presentation to the Committee about residential rainscaping. The Committee is asked to discuss such a presentation, when it might be a good time to schedule it, and whether other committees should be invited to participate.

B. Citizen Survey

The City Council has asked that the Stormwater Committee provide topics (if any) that the Committee would like the City to consider including in the 2018 Citizen Survey that will begin in April 2018.

VII. Unfinished Business

A. Residential Stormwater Regulation

Staff will share some examples of stormwater management plans that have been developed for residential development to meet the new stormwater regulations.

B. Stormwater Projects Update

Staff will review the status of stormwater-related capital improvement projects with the Committee.

i. Parks Bridge Replacements

The project to fortify the banks around the Malcolm Terrace Park bridge requires a different design approach that will require the permitting process to partially restart. Design approvals and one easement could be completed in time for construction during the late summer and fall of 2019.

Staff recommends that the City proceed with the replacement of the golf maintenance bridge at the Creve Coeur Golf Course.

ii. Middlebrook Culvert Replacement

Staff plans to resume the permitting process and to begin easement acquisition for the project during the spring of 2018 so that the project can be constructed in the summer or fall of 2018.

iii. Sherwyn Lane Cul-de-sac

Staff has requested a proposal from Intuition & Logic to help design a stormwater solution for the cul de sac at the end of Sherwyn Lane.

C. FY2019-2023 Capital Improvement Plan

Staff will share the latest draft of the five-year capital improvement plan (CIP) to review the schedule for stormwater improvements.

VIII. Business from Committee Members

IX. Business from Staff Liaison

A. April Meeting

The next Stormwater Committee meeting is scheduled for 5:30 p.m. on Wednesday, April 11.

X. Adjournment
